

## **Supplier and Business Partner Sustainability Management Policy**

TSPL oversees the activities of business partners and their employees in a way that protects the safety, health and welfare of themselves, employees and other stakeholders, and support policies in relation to sustainability and protection of the environment.

TSPL strives to:

- Minimise risk associated with occupational hazards and prevent injury and ill health to business partner`s employees working in TSPL.
- Ensure that long-term suppliers and business partners adopt principles and practices in line with its policies and Code of Conduct and comply with legal obligations
- Ensure appropriate and relevant information and instruction to be made available to suppliers and service business partner on sustainability matters.
- Maintain effective business partner management systems and evaluate competence and sustainability performance prior to contract approval and throughout the contract duration
- Ensure that supplier and business partner relationships are conducted in a fair and transparent manner.
- This policy will be reviewed regularly.
